

ASoul::OnSphereOverlap

ATreasure::OnSphereOverlap

Altem::SpawnPickupSound

```
graph LR; ASoul[ASoul::OnSphereOverlap] --> Altem[Altem::SpawnPickupSound]; ATreasure[ATreasure::OnSphereOverlap] --> Altem;
```

The diagram illustrates a function call relationship. On the left, two white rectangular boxes with black borders represent source functions: 'ASoul::OnSphereOverlap' (top) and 'ATreasure::OnSphereOverlap' (bottom). On the right, a gray rectangular box with a black border represents the target function: 'Altem::SpawnPickupSound'. Two blue arrows originate from the right side of the source boxes and point towards the left side of the target box, indicating that both source functions call the target function.
